

Nikhil Panchal

nikhilsp7405@gmail.com | +91-9510571046 | LinkedIn | GitHub | Portfolio

Professional Summary

Motivated B.Tech Information Technology student with hands-on experience in Full Stack Development, UI/UX Design. Proficient in React.js, JavaScript, Node.js, Express.js, MongoDB, Python, HTML, and CSS. Experienced in building responsive web applications, developing AI-based solutions, and deploying projects using Git and GitHub. Problem-solving skills with a passion for learning emerging technologies and contributing to innovative software development projects.

Education

Bachelor of Technology in Information Technology Silver Oak University, Ahmedabad CGPA: 8.7	2024 – Present
LIBERTY SEC. & HIGHER SEC. SCHOOL, Bhabhar (12th) Percentage: 54.77%	Mar 2023
LIBERTY SEC. & HIGHER SEC. SCHOOL, Bhabhar (10th) Percentage: 63.50%	May 2021

Technical Skills

- **Programming Languages:** Python, JavaScript, C(Basic), Java(Basic),
- **Frontend Development:** HTML5, CSS3, Bootstrap, React.js
- **Backend Development:** Node.js, Express.js
- **Database:** MongoDB
- **UI/UX Design:** Responsive Design, User Interface Design, User Experience Design (Basic)
- **Tools:** Git, GitHub, VS Code
- **Concepts:** Full Stack, REST APIs, Responsive Web Design

Projects

US Life – E-Commerce Website	May 2026 – Jun 2026
• Built a responsive career and internship platform using React.js, JavaScript, and CSS with a modern UI/UX design. • Developed interactive pages, reusable React components, and mobile-friendly layouts. • Improved user engagement through responsive design and performance optimization.	
Fraud Detection in Online Transactions (IBM SkillsBuild)	Mar 2026 – May 2026
• Built a machine learning model using Python, Pandas, NumPy, and Scikit-learn to identify fraudulent transactions. • Performed data preprocessing, feature engineering, and class balancing techniques. • Evaluated model performance and improved prediction accuracy through optimization.	
Deep Fake Image Detection	Jan 2026 – Apr 2026
• Developed a deep learning model using Python, TensorFlow, and OpenCV to detect manipulated images. • Implemented image preprocessing pipelines and trained Convolutional Neural Network (CNN) models. • Improved detection accuracy through dataset preparation, augmentation, and model optimization.	
Personal Portfolio Website	Jul 2025 – Present
• Designed and developed a responsive portfolio website using HTML, CSS, JavaScript, and Bootstrap. • Showcased projects, certifications, and technical skills with modern UI/UX features. • Deployed and maintained the website using GitHub Pages with regular updates and enhancements.	
Amazon Clone	Oct 2024 – Nov 2024
• Built a responsive Amazon-inspired e-commerce website using HTML, CSS, and JavaScript. • Implemented modern UI components, responsive layouts, and interactive user experiences. • Ensured cross-device compatibility through responsive design best practices.	

US Life & Innovation – AirPods Website Clone

Aug 2024 – Sep 2024

- Built a responsive AirPods-inspired e-commerce website using HTML, CSS, and JavaScript.
- Developed product showcase sections, navigation systems, and mobile-friendly layouts.
- Enhanced user experience through responsive design and interactive components.

Experience

AI Strategy and Business Intelligence Intern

Mar 2026 – May 2026

IBM SkillsBuild

- Applied AI and business intelligence concepts to solve real-world analytical problems.
- Developed machine learning solutions for fraud detection and data-driven decision making.
- Collaborated on project-based tasks involving data analysis and predictive modeling.

Member

Feb 2025 – Dec 2025

IEEE, Silver Oak University

- Participated in technical workshops, seminars, and collaborative events.
- Enhanced technical knowledge in emerging technologies and teamwork.

Achievements

- Completed AI Strategy and Business Intelligence Internship by IBM SkillsBuild.
- Earned Python certification from Kaggle and HackerRank.
- Built and deployed multiple web applications using React.js and JavaScript.

Certifications

- AI Strategy and Business Intelligence Internship – IBM SkillsBuild (2026)
- Technology Job Simulation – Deloitte Forage
- Python Course – Kaggle
- Python (Basic) – HackerRank
- Introduction to SQL – Datacamp
